TPS GROUP: EARNINGS UP BY +26% IN 2018

Gallarate (VA), 4 February 2019 - TPS S.p.A., operational holding company of the TPS Group, leader in the technical services and engineering fields for the aeronautical industry, posts a consolidated production value of around € 24.1 Mil. for 2018, compared to the €19.1 Mil for the financial period 2017, which is an increase of 26%.

This result, only consolidates the results for the final quarter for 2018 of the recent nominee transaction of the company Satiz Technical Publishing & Multimedia S.r.l.

With the same company perimeter, without the consolidation of the recent nominee transaction, the TPS Group recorded an approximate growth in turnover of 10% compared to the previous year.

Alessandro Rosso, CEO of the TPS Group had this to say: *“2018 saw a leap in performance for the TPS Group, both in terms of quality and competitive positioning. We are progressing our growth plan with the aim of continuing to strengthen our business proposal with high added-value technical services. Our biggest success is in the daily satisfaction of our customers, who find a top-flight professional partner in TPS, and one that is strongly orientated towards innovation, able to adapt to business needs in terms of organisation - all elements that are essential for increasing the competitiveness of our Group”.*

This press release is available to read on line at www.1info.it and www.tps-group.it in the Investors/Press Release section.

TPS S.p.A. is an operational holding company of the TPS Group, leader in the technical and engineering services field for the aeronautical industry, with specific focus on helicopters. TPS is a Borsa Italiana “Elite” company.

Founded in 1964, TPS has been working in the aeronautical, automotive, defence, rail and ship industries, providing Technical Publishing & Training services, Engineering, Design and Cost Engineering, as well as Avionic Software Development, System Integration, and Digital Content Management. The TPS Group can include leaders in the field of aircraft design and production, as well as the manufacture of aeronautical parts, as well as leading automotive and rail manufacturers among its client base.
